9:00 – 9:15 AM

President's Welcome

9:15 – 10:30 AM

Planning for Public Health Emergencies

*Uei I Lei, MPH, EMT-P; Emergency Preparedness and Response Manager,
Multnomah County Health Department*

Jon Jui, MD; EMS Medical Director, Multnomah County Health Department

- 1 unit Risk Management Certification credit: Public Exposures -or-
- 1 unit Risk Management Certification credit: Emergency Management

This session will focus on the processes, expectations, responsibilities, of responders when planning and responding to a public health emergency and how this relates to risk management. We will also discuss the implicit risks of "not" planning. Also will be a discussion on the Centers for Disease Control and Prevention's (CDC) Strategic National Stockpile of medicines and how these are distributed to localities experiencing a public health emergency.

10:30 – 10:45 AM

Coffee Break and Networking

10:45 – 12:00 PM

Why Special Events are Special

Krista Dillon; Director of Emergency Management and Fire Prevention, University of Oregon

- 1 unit Risk Management Certification credit – Special Event Risk -or-
- 1 unit Risk Management Certification credit: Emergency Management

This session will focus on approaches University of Oregon Emergency management program has taken in planning for and managing large, special events. Session will cover the use of the Incident Command System (ICS),

incident management teams, partnership development, tools and resources, planning documents and processes, and lessons learned. Examples will be shared from the 2008 and 2012 US Olympic Track and Field Trials, 2014 IAAF World Junior Track and Field Championship, and other large campus and sporting events.

12:00 – 1:15PM

Lunch and Networking

1:15 – 3:00

Putting Things Back Together: Aftermath of an Emergency

John Zakariassen, CIS Senior Risk Management Consultant

Bill LaMarche, CIS Member Relations Manager

Darrell Neet, Special Projects Coordinator, Oregon Office of Emergency Mgmt.

This session will walk you through various best practices during and after an emergency event. John, former Risk Manager with the State of Oklahoma, will take us through the event of the Oklahoma City Bombing and discuss best practices in managing an emergency situation from a Risk Manager's perspective. Bill will discuss the do's and don'ts of communicating with the media during and after an emergency. Finally, the FEMA reimbursement process will be discussed in terms of what public entities need to know to receive reimbursement.

- 1 hour Risk Certification credit – Property Insurance -and-
- 1 unit Risk Management Certification credit: Emergency Management

3:00 – 3:15 PM

Wrap Up and Adjourn
